

Hello Dr. Manning,

Since our previous report, we have

- continued working and making improvements to our project based on Dr. Selby's feedback from our previous meeting
- started outlining a letter based on our project research to be published at end of semester
- obtained the meeting recording from Dr. Selby for the P7 Field Evaluation assignment

As for individual work completed, below are details regarding individual contribution since the prior team report:

Brock Pace

- Working on completing the outline for a paper and will send this outline to Dr. Selby for revision and approval by approximately Thursday

Xiaobo Ren

- Working on creating bullet point summarizations of researched data for ease of referral and understanding of graphs for non-data team

Bokyoung Won

- Working on creating bullet point summarizations of researched data for ease of referral and understanding of graphs for non-data team

Sophia Wu

- Using recorded meeting from October 31st meeting with Dr. Selby to complete P7 Field Evaluation assignment

Best Regards,
Bokyoung Won
